They would like the written accounting in either hours or per case. The City Council would also like the Commissioners to revisit the amount of money that will be paid to the Assistant County Attorney.

Mayor Erickson asked what the wage base will be for an Assistant County Attorney if there were any applicants.

Chairman Reinhardt replied that there is not a current opening for an Assistant County Attorney, but when there is a job opening they will discuss salary options at that time.

Robert Kompel mentioned he is still working on a short summary report on the Magruder Property. He will present the summary at the next Council meeting on July 18, 2016.

Robert Kompel replied that yes, there will be an accounting and that Bob Waller has been helpful in obtaining information.

Mayor Erickson stated that the City has been cracking down on weedy lots. The City has also obtained a noncompetitive \$500,000 grant to demolish houses. Part of the stipulations of the grant are that it be used for low income people on the south side. The grant will cover one project at a time, and the goal is to demolish the houses and have the owner retain the lot. The grant was not meant for commercial purposes.

Mayor Erickson asked how the Library budget is going.

Commissioner Peterson stated that Stacy Amundson presented the budget and Megan Haddix is doing a good job at the library. Commissioner Peterson stated we need to figure out who is ultimately responsible for the library, the City of Glasgow or Valley County.

Mayor Erickson stated that we are lucky we have a library, otherwise only rich people could read.

Moving on to mental health, Commissioner Peterson asked if once the two year grant for Drug Court is expired would the County be able to bill insurance for mental health issues.

Mayor Erickson said that the participants in Drug Court have to pay the drug court fees, and that Medicaid pays for the time that she works with the participants.
